

Milford Soccer

Milford Soccer Players and Parents,

Welcome back! I'm very excited to announce that we will be fielding a soccer team at Milford this year. First things first, I'd like to remind everyone interested in playing this season that **you must get a physical examination in order to participate**. Mrs. Leidich is having a doctor administer **physicals Monday (9/10) during school**. If you don't get your physical done here at school, you will have to have it done by your family doctor.

I would also like to have our first practice on Monday 9/10. We will not practice on Tuesday 9/11. Tuesday is Back-to-School Night. Otherwise we will practice everyday, unless I let you know otherwise. **Practices will run from 3:30-5:00.** Practice will be held across the street from the Milford Park at the Water Works Field. All players should meet in the gym after school. You may use the locker rooms to get changed. Players should wait in the gym until we are ready to walk to the practice field. On rainy days we will practice in the gym, so students should keep a pair of gym shoes in their gym lockers. We will walk to the practice field together, and return to the school at 5:00. Students can be picked up at the school unless they need to leave practice early, in which case parents can pick their child up at the Water Works Field. Players should bring cleats, shin guards, socks, shorts, water, and some bug spray if they choose.

Uniforms will be passed out on Friday 9/14. Uniforms include a shirt and shorts. Players will need to supply their own soccer socks, cleats and shin guards. **Socks should be long**

enough to cover shin guards and either maroon, black or white. I will be passing out our game schedule to the players on Monday. Our schedule will also be posted on the school's website.

I'm very excited to see everyone back on the field again, and I can't wait to get started! Feel free to email me with any questions you may have - rstlaurent@milfordpublicschool.com.

Mr. St. Laurent
