

Set up Parent Access to PowerSchool for the first time.

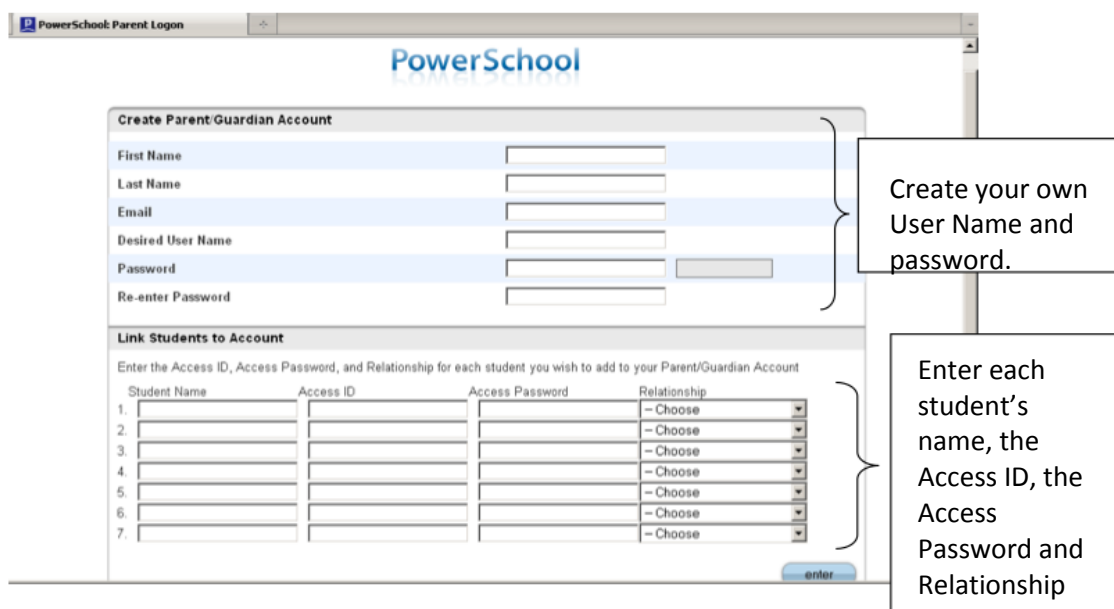

Open your favorite web browser and enter <http://sis.dvrhs.org/public/> in the Address/URL bar. The following screen shown below will appear. Now click on Create Account.

The screenshot shows the PowerSchool Parent Logon page. At the top is the PowerSchool logo. Below it is a 'Login' section with fields for 'User Name' and 'Password', a 'Submit' button, and a link for 'Having trouble logging in?'. Below the login section is the 'Create an Account' section, which contains a paragraph of text and a 'Create Account' button. An arrow points from a box labeled 'Click on Create Account' to the 'Create Account' button. At the bottom left, there is a Pearson logo and copyright information: 'PEARSON Copyright © 2005 - 2010 Pearson Education, Inc., or its affiliate(s). All rights reserved. www.PearsonSchoolSystems.com'.

The screen shown below is what will come up after clicking on Create Account. You will need to choose a User Name and password in the top part of the screen. In the bottom half of the screen, you will enter the student's name, the Access ID, and the Access Password that was mailed home to you. Then, select your relationship to the student. You may enter multiple students by entering each Student's name and their corresponding Access ID, Access Password and relationship. Then click on enter.

Never share your User Name, Password or Access IDs with your children or friends. Your User Name, Password, and Access IDs are for Parents and Guardians only. Students will receive their own logins to PowerSchool.

The screenshot shows the 'Create Parent/Guardian Account' page. It has two main sections. The first section, 'Create Parent/Guardian Account', has fields for 'First Name', 'Last Name', 'Email', 'Desired User Name', 'Password', and 'Re-enter Password'. A callout box points to these fields with the text 'Create your own User Name and password.'. The second section, 'Link Students to Account', has a heading 'Enter the Access ID, Access Password, and Relationship for each student you wish to add to your Parent/Guardian Account'. It contains a table with 7 rows and 4 columns: 'Student Name', 'Access ID', 'Access Password', and 'Relationship'. Each row has input fields for the first three columns and a dropdown menu for the 'Relationship' column. A callout box points to this table with the text 'Enter each student's name, the Access ID, the Access Password and Relationship'. At the bottom right of the table is an 'enter' button.

The following screen will appear after you have successfully created the account. You can now log in using your new User Name and Password that you just created.

PowerSchool

Congratulations! Your new Parent/Guardian Account has been created. Enter your Username and Password to start using your new account.

Login

User Name

Password

[Having trouble logging in?](#)

Submit

Parents use their new User Name and Password that they created. (This is case sensitive)
