### SIXTH GRADE IMMUNIZATION REQUIREMENT:

NJ State Law 8:57 mandates that every child entering, **transferring or attending 6th grade** must receive two vaccinations in order to be admitted to school on the first day of sixth grade. The immunizations are 1.) Meningococcal, and 2.) Tdap (Tetanus, Diphtheria, Pertussis). Students with medical/religious documentation on file at the school are exempt from this requirement.
