

2428.1 STANDARDS-BASED INSTRUCTIONAL PRIORITIES

Standards-Based Instruction

The school district shall implement a coherent curriculum for all pupils, including English language learners (ELLs), gifted and talented pupils, and pupils with disabilities, that is content-rich and aligned to the Core Curriculum Content Standards (CCCS). The curriculum shall guide instruction to ensure every pupil masters the CCCS.

Instruction shall be designed to engage all pupils and modified based on pupil performance. The curriculum shall include: interdisciplinary connections throughout; integration of 21st century skills; a pacing guide; a list of instructional materials including various levels of text at each grade; benchmark assessments; and modifications for special education pupils, English language learners in accordance with N.J.A.C. 6A:15, and gifted pupils.

The school district shall collect and analyze pupil achievement data by subgroups (such as economically disadvantaged, race and ethnicity, pupils with disabilities, English language learners) and make educational decisions based on such data.

The school district shall:

1. Transmit required pupil, faculty, school, and school district data to New Jersey Standards Measurement and Resources for Teaching (NJ SMART), the New Jersey Department of Education's data warehouse, on a schedule and in a form specified by the Department of Education;
2. Use NJ SMART and its data query resources to track pupil progress year-to-year and school-to-school and to identify continuously enrolled pupils by school and school district;
3. Ensure teachers, school administrators, and central office supervisors receive training in NJ SMART and its data query resources;
4. Analyze assessments of pupil progress in relation to curricular benchmarks and the results of State and non-State year-end tests reported by subgroups (such as economically disadvantaged, race and ethnicity, pupils with disabilities, and English language learners).

The school district central office staff shall prepare data on comparative performance for all schools in the district and make them available to the schools. This analysis shall include the following comparisons using State assessment data:

1. Each grade level across all schools within the district;
2. Schools within the district;
3. Comparable districts by district factor groups; and
4. Data with State averages.

The school district shall ensure a free appropriate public education is available to all pupils with disabilities according to the Individuals with Disabilities Education Act (IDEA), 20 U.S.C. §§ 1400 et seq., and N.J.A.C. 6A:14.

The school district shall provide English language learners with instructional services pursuant to N.J.A.C. 6A:15 and provide gifted and talented pupils with appropriate instructional services pursuant to N.J.A.C. 6A:8-3.1.

The school district shall provide library-media services that are connected to classroom studies in each school building, including access to computers, district-approved instructional software, appropriate books including novels, anthologies and other reference materials, and supplemental materials that motivate pupils to read in and out of school and to conduct research. The school district will provide these library-media services under the direction of a certified school library media specialist.

Secondary Education Initiatives

The school district shall develop a plan in 2008-2009 for implementing the secondary education initiatives specified in N.J.A.C. 6A:13-2.2(c) through (e) by the 2009-2010 school year, except that secondary school districts previously subject to N.J.A.C. 6A:10 and 6A:10A shall immediately comply with the secondary education initiatives specified in N.J.A.C. 6A:13-2.2(c) through (e).

The school districts shall:

1. Have a school-level planning team to guide the development and implementation of the secondary education reforms described in N.J.A.C. 6A:13-2.2. A representative group of teachers and administrators shall determine team membership and operating procedures.
2. Provide instructional services, professional development, and other support to assist secondary schools with the implementation of the secondary education initiatives specified in N.J.A.C. 6A:13-2.2.
3. Create personalized learning environments that strengthen relationships among pupils, teachers, staff members, families and the larger community for pupils in grades six through eight. These personalized learning environments may include:
 - a. Small learning communities in free-standing facilities or within larger facilities;
 - b. Pupil support systems where pupils are assigned an adult mentor or team of adults who know(s) them and can support pupil efforts in achieving goals and solving problems;
 - c. Multi-grade academies where pupils at various grade levels may remain with a core group of teachers for multiple years in an academy-type format which may be organized around a particular theme and involve interdisciplinary teaming; or
 - d. Other practices for personalizing learning environments that strengthen relationships among pupils, teachers, staff members, families, and the larger community.

The school district shall implement academic coursework aligned to N.J.A.C. 6A:8-5.1 that prepares all pupils for success in postsecondary education and/or careers after graduation, including the development of academic skills integral to success in rigorous high school courses.

Where applicable, secondary school districts shall collaborate with sending and receiving districts to implement the secondary education initiatives outlined in N.J.A.C. 6A:13-2.2.

N.J.A.C. 6A:13-2.1; 6A:13-2.2

Adopted: 26 May 2009
