Dear Parents,

As we begin our process of establishing our bus routes, I write to ask for your assistance. Under Board of Education Regulation, #R3541.1,

*“Students shall be assigned one seat on one bus route. The assigned seat will be on the route of the child’s residence of record. In the event that permanent childcare arrangements have been made, parents may request, in writing, that the assigned seat be on the route of the childcare provider. In this case, the child will forfeit the original seat on the resident route for both pick-up and drop-off for the entire school year. If the established route to the childcare provider is at capacity with resident students, this type of arrangement cannot be accommodated.”*

At times, parents have chosen to waive their right to school transportation for the entire school year, and select to transport their children themselves. If we are aware of this choice, it can assist us in establishing our transportation routes.

If you wish to request an alternate route for child care purposes, I ask your cooperation in completing the attached form and returning it to our Main Office by June 18, 2011. I thank you in advance for your kind assistance.

Sincerely,

Rick Falkenstein
