

SCHOOL MEAL PROGRAM ARREARS

The school meal program shall make a nutritionally adequate meal (breakfast and/or lunch) available to every student and shall operate on the most economically feasible basis. It shall be operated in strict compliance with all laws and regulations pertaining to health; sanitation and safety; internal accounting; employment practices; nutritional standards; costs of meals; and periodic reporting required by New Jersey law.

The board of education believes that regularly consumed nutrition helps maintain the students' energy and facilitates concentration, supporting student achievement (see board policy 3542.1 Wellness and Nutrition). Therefore, it is the expectation of the board that students with the assistance of their parents/guardians come prepared for school each day with lunch/breakfast or meal money. Students repeatedly forgetting their breakfast or lunch meal or their meal money may be subject to consequences including parent/guardian conference, loss of privileges and detention according to the school code of student conduct.

Qualified students whose families have a financial hardship may apply for assistance according to policy 3542.31 Free or Reduced Price Lunches, Milk. The procedures for the administration of the free and reduced price meal program of this school district will be the same as those prescribed in current state and federal laws and regulations.

The board shall strive to make affordable meals available to all students. Students who do not qualify for free or reduced price meals or milk may receive school lunch through the school meal program for a fee that is approved by the board.

The purchase of meals through the school program shall be optional and shall not prevent any student from bringing their own lunch or breakfast to school.

The school business administrator shall be responsible for the accounting and tracking of revenues and expenses generated by the school meal program. The principal or his or her designee shall oversee the notification of parents/guardians for the payment of charges and arrears associated with the school meal program. Being in arrears shall be defined as being behind in meal payments due, resulting in debt or liability to the district.

Procedures for Charging Lunch

In the event a student's school lunch or breakfast bill is in arrears, the principal or his or her designee shall contact the student's parent/guardian to provide notice of the amount in arrears and shall provide the parent/guardian a period of ten school days to pay the full amount due. If the student's parent/guardian does not make full payment to the school by the end of the ten school days, the principal or his or her designee shall again contact the student's parent/guardian to provide a second notice that their child's lunch or breakfast bill is in arrears. If payment in full is not made within one week from the date of the second notice, the student may not be served school breakfast or lunch, as applicable, beginning the eighth calendar day from the date of the second notice (N.J.S.A. 18A:33-21).

The building principal or his or her designee shall implement appropriate measures that ensure that students who cannot pay for a school breakfast or a school lunch or whose school breakfast or school lunch bill is in arrears shall not be publicly identified or stigmatized.

Students without breakfast/lunch or meal money may receive a meal through the school meal program according to the following rules:

Restrictions related to the purchase of ala carte items or other foods that are offered as part of the school meal program shall cease upon payment of the charges in arrears.

Payment of Charges

- B. Payments on charges shall be paid through the online payment system, brought directly to the main office or mailed to the main office;

The policy shall be communicated in writing at the start of the school year to the families of enrolled students and students whose families are transferring into the district.
